Dear Future Customer:

I have been working with Gary Hall, a Certified Technician with Anthony Fiore Construction. Mr. Hall typically cleans carpets for me and when needed removes unwanted odors from carpet due to pet or smoke odors. Mr. Hall has also made himself available when I needed water extraction; due to broken pipes and we all know that pipes never break during normal business hours. Mr. Hall does what he says he will do and he stands behind his work.

I have also used Anthony Fiore Construction to do the needed repairs caused by the above mentioned water damage. When Anthony Fiore Construction finished the drywall repairs, I could not see where the repair ended and the original drywall began.

Thank you,

Steve Ellis

If home is where the heart is, then mine were both broken. Our tenants finally left after an 18-month rental of our family-vacation home in Rotonda. What was left behind was a huge dirty-aftermath and the headache of getting clean-up started.

I remembered Anthony Fiore Construction had a new division of carpet cleaning. Gary Hall, Director of Sales, called me back, and met me on my busy schedule to get started. Gary and team explained everything they were going to do and got to work, I mean hard work.

The results were very satisfactory! Black-tarred grout and floor tile gleamed once again. My couches were disinfected, deodorized, scotchguarded, and left, if at all very little damp. Professionally brushed carpets felt good and ready for new guests.

Reliable, Knowledgeable, and Well-Equipped to do a 2-story building, Fiore, Inc. is the only company I will use. I know a good thing when I see it. My job was their pride AND priority.

Tried, Tested, and True. Call me on it.... My keys are in Gary's hands.  
And he has no idea what is next, but I'm trusting he has all the right 'solutions.'
